IT ACADEMY OF FITA MOMENTS OF LIFE

When the days were filled with phone calls and videoconferences, in which shows, projects and events were postponed or canceled, I stopped and decided to fill those days by taking care of myself and the people who are have been part of my life over the years: I called people I hadn't heard for a long time, I wrote letters that had never been written, I listened to music that had not been listened to for some time...It was like living through a never-finished photo album and setting it up, I finally had time to listen to the emotions that those memories evoked.

The theatrical show "D'istanti di Stanze" was born from the desire to recount these moments and share them with an audience. It is about recounting moments lived inside the rooms of many houses, far from each other. In spring 2020, Etoile Centro Teatrale Europeo launched a text collection, which over the months has become a collective anthology linked to the days spent in lockdown, entitled "with your words". The play was born and takes shape from the texts that have been sent in recent months and to give voice to the feelings and emotions of people in the months spent at home, far from others.
